APITAL d.o.o. is a Croatian manufacturing company specializing in the **design and production of stainless-steel machinery and complete industrial solutions**.

Our Production Program

We manufacture a wide range of machinery, including:

- Food processing machinery, with a strong focus on fruit processing
- Packaging and filling machines for various types of products
- Beekeeping machinery and custom constructions
- Auxiliary and custom-made equipment

Complete Processing & Packaging Solutions

In addition to individual machines, we deliver fully integrated production lines, such as:

- Juice production lines
- Filling lines for juice, honey, and jams
- Honey extraction lines
- Automatic beeswax foundation machines

Our diverse product portfolio enables us to equip complete production facilities, from small-scale operations to industrial plants.

Engineering Expertise & Quality

Our manufacturing process is supported by a multidisciplinary team of mechanical, electrical, and IT engineers, ensuring seamless integration, technical excellence, and the ability to deliver even the most complex and demanding systems.

Our commitment to high quality, reliability, and sustainable manufacturing is confirmed by our ISO 9001 and ISO 14001 certifications.

Why choose APITAL?

- High performance. Sensible cost.
- Big enough to build complex machines. Small enough to listen and adapt.
- Designed for fast cleaning and easy maintenance.
- Simplicity is reliability. Fewer parts mean fewer problems.
- Designed to minimize footprint — because production space is a valuable resource.

FastFiller - Bottle filler

Offers reliable and efficient solutions for liquid filling of various types of bottles. Longevity and easy maintenance are provided by high-quality stainless-steel machine design. Level gauge provides for accurate tracking of liquid level. Possibility of connecting a pump can make filling process faster and easier. Filling height regulation function allows for machine's adjustment for different bottle sizes.

- Can be used as a standalone unit or integrated into a juice production line, depending on user requirements.
- The bottle filler provides a simple and reliable solution for filling liquid products into various types of bottles.
- Manufactured from high-quality stainless steel, it ensures long service life and easy maintenance.
- A liquid level indicator enables precise filling control and consistent results.
- The option to connect a pump with automatic control allows for an efficient and controlled filling process.
- Adjustable filling height allows adaptation to different bottle sizes.

Technical description:

- Dimensions: 56 x 56 x 170 cm
- Weight: 26,5 kg
- Material: stainless steel (AISI 304)
- Container capacity: 50 l
- Liquid level float for measuring liquid's height
- Mobile wheels

Utility requirements:

- Electrical supply: Single-phase 240 V

Only for option with pump

Offer:

50401	Bottle filler 4 outlets	**FastFiller 4**
50404	Bottle filler 6 outlets	**FastFiller 6**
50403	Bottle filler 4 outlets with automatic pump tank filling system	**FastFiller 4 Auto**
	Bottle filler 6 outlets with automatic pump tank filling system	**FastFiller 6 Auto**

Optional / Spare parts:

	Filling heads for wider bottle necks		Per request
	Tank insulation		Per request

Delivery Terms: Ex works (pickup at our facility in Vrbovec) or delivery by agreement

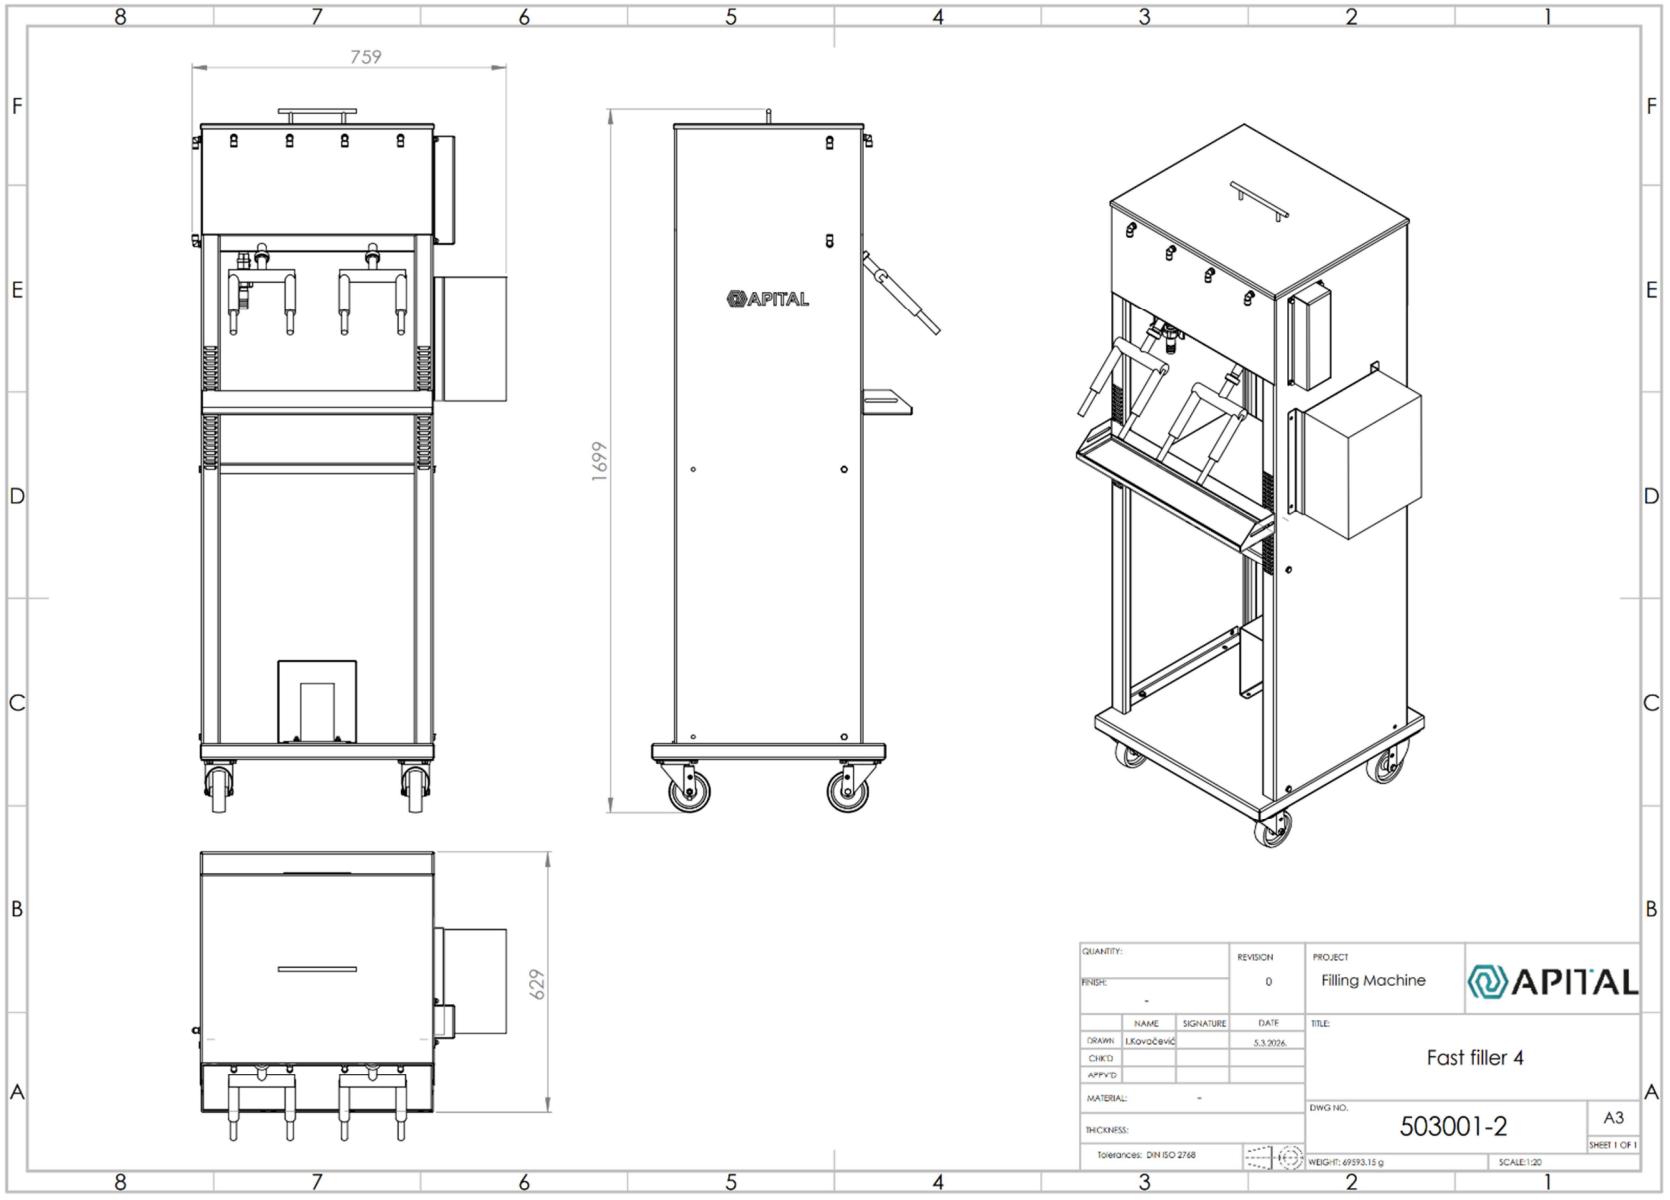

Typical lead time: 6 – 8 weeks from order confirmation

Payment Terms: 50% in advance, remaining amount before delivery

Warranty period: 2 years

Made in the European Union – Croatia, City of Vrbovec
